Portfolio: pyroj08.github.io

Professional Summary

Data Analyst skilled in Python, SQL, Excel, Power BI, and Tableau, with experience in cleaning, analyzing, and visualizing data. Adept at transforming raw datasets into actionable insights to support data-driven business decisions.

Experience

Data Analytics Intern – Dataman Computer Systems Pvt. Ltd. (2025)

- Cleaned and organized datasets using Excel and SQL for reporting and analysis.
- Performed EDA using Python (Pandas, Matplotlib) to identify trends and anomalies.
- Created visual reports and dashboards to highlight KPIs for stakeholders.
- Produced actionable reports that streamlined decision-making processes.

Projects

Supply Chain Performance Analysis – Python, Tableau, Excel

- Engineered data (shipping variance, profit margin) for analysis.
- Built Tableau dashboards to track delivery KPIs and profit margins.
- Identified delivery risks and provided insights to improve efficiency.

E-Commerce Sales Analysis – MySQL, Python, Power BI

- Designed and maintained a normalized MySQL database for sales and payments.
- Cleaned datasets using Pandas/NumPy for accurate insights.
- Developed a Power BI dashboard for sales trends, segmentation, and payment patterns.
- Automated reporting, reducing preparation time by 80% and improving planning by 15%.

Skills

Technical: Python (Pandas, NumPy), Power BI, Tableau, Matplotlib, Seaborn, MySQL, MongoDB, Excel (Pivot Tables, VLOOKUP, Macros)

Analytical: Data Cleaning, EDA, KPI Tracking, Statistical Analysis, Business Insights

Tools: Jupyter, VS Code, Git, Power Query

Soft Skills: Problem-Solving, Collaboration, Time Management, Adaptability

Education

B.Tech – Electrical Engineering, Ajay Kumar Garg Engineering College, Ghaziabad (Graduated: 2023)

Certifications

- Python Programming – Simplilearn
- Python Libraries for Data Science – Simplilearn
- SQL – Simplilearn
- Data Analytics Using Python – Ducat (2025)
- Data Analytics Job Simulation – Deloitte (Forage)
